Defoamer DF001

PRODUCT DESCRIPTION:

Product name: Defoamer DF001

Appearance: White emulsion liquid;

Dosage: According to the actual production on site.

Use/Application: Used to eliminate paper white water, textile size, industrial cleaning, starch paste, surface sizing, adhesives, and foam generated during water treatment.

PACKAGING:

1000kg/IBC drum

STORAGE:

1. Store in a shaded, well ventilated place;
2. Keep away from strong oxidizing agents, strong reducing reagents, or open flames.

COMPOSITION:

| | |
|-----------|-------------------|
| Active | Polysiloxane |
| Component | Isopropyl alcohol |
| | Water |

SAFETY AND HANDLING

Avoid formation of dust and aerosols. Avoid contact with skin and eyes. Operating personnel must train specially and follow close to the line of operating instruction. Avoid accumulate dust. Wear suitable protective clothing, gloves and eye/face protection.

ENVIRONMENTAL IMPACT

The majority of the reagent is tied up with the concentrate and is destroyed in the subsequent processing operations. The remainder is transferred to the tailings. Release into the water systems should be avoided.

PRECAUTIONS

Avoid violent impacts during transportation.
